#### **SAFETY INSTRUCTIONS**

MARNING: This equipment is for home use only. Do not use in institutional or commercial applications. Failure to follow this warning could result in death or serious injury.

WARNING: This product contains a chemical known to the State of California to cause cancer and birth defects or other reproductive harm.

WARNING: To reduce the risk of serious injury, read the following Safety Instructions before using the InMotion® Compact Elliptical.

- 1. Read all warnings posted on the InMotion® Compact Elliptical.
- 2. The **InMotion® Compact Elliptical** should only be used after a thorough review of the Owner's Manual.
- 3. We recommend that two people be available for assembly of this product.
- 4. Keep children away from the InMotion® Compact Elliptical. Do not allow children to use or play on the InMotion® Compact Elliptical. Keep children and pets away from the InMotion® Compact Elliptical when it is in use.
- 5. Inspect the Resistance Tubes(69) for nicks and cuts before each use. Do not use Resistance Tubes (69) that are nicked or cut.
- 6. It is recommended that you place this exercise equipment on an equipment mat.
- 7. Set up and operate the InMotion® Compact Elliptical on a solid level surface. Do not position the InMotion® Compact Elliptical on loose rugs or uneven surfaces.
- 8. Make sure that adequate space is available for access to and around the InMotion® Compact Elliptical.
- 9. Before using, inspect the **InMotion® Compact Elliptical** for worn or loose components, and securely tighten or replace any worn or loose components prior to use.
- 10. Consult a physician prior to commencing an exercise program. If, at any time during exercise, you feel faint, dizzy, or experience pain, stop and consult your physician.
- 11. Follow your physician's recommendations in developing your own personal fitness program.
- 12. Always choose the workout which best fits your physical strength and flexibility level. Know your limits and train within them. Always use common sense when exercising.
- 13. Do not wear loose or dangling clothing while using the InMotion® Compact Elliptical.
- 14. Never exercise in bare feet or socks; always wear correct footwear, such as running, walking, or crosstraining shoes. Be sure that they fit well, provide foot support and feature non-skid rubber soles.
- 15. Be careful to maintain your balance while using, mounting, dismounting, or assembling the **InMotion® Compact Elliptical**, loss of balance may result in a fall and serious bodily injury.
- 16. To maintain your balance, always mount or dismount the **InMotion® Compact Elliptical** from the lowest foot pedal. Refer to the detail instructions on page 9.
- 17. Keep both feet firmly and securely on the pedal caps while exercising.
- 18. The InMotion® Compact Elliptical should not be used by persons weighing over 250 pounds.
- 19. The InMotion® Compact Elliptical should be used by only one person at a time.
- 20. The InMotion® Compact Elliptical is for consumer use only. It is not for use in public or semipublic facilities.

MARNING: Before starting any exercise or conditioning program you should consult with your personal physician to see if you require a complete physical exam. This is especially important if you are over the age of 35, have never exercised before, are pregnant, or suffer from any illness. READ AND FOLLOW THE SAFETY PRECAUTIONS. FAILURE TO FOLLOW THESE INSTRUCTIONS CAN RESULT IN SERIOUS BODILY INJURY.

#### **BEFORE YOU BEGIN**

Thank you for choosing the InMotion® Compact Elliptical. We take great pride in producing this quality product and hope it will provide many hours of quality exercise to make you feel better, look better, and enjoy life to its fullest.

It's a proven fact that a regular exercise program can improve your physical and mental health. Too often, our busy lifestyles limit our time and opportunity to exercise. The InMotion® Compact Elliptical provides a convenient and simple method to begin your assault on getting your body in shape and achieving a happier and healthier lifestyle.

Before reading further, please review the drawing below and familiarize yourself with the parts that are labeled.

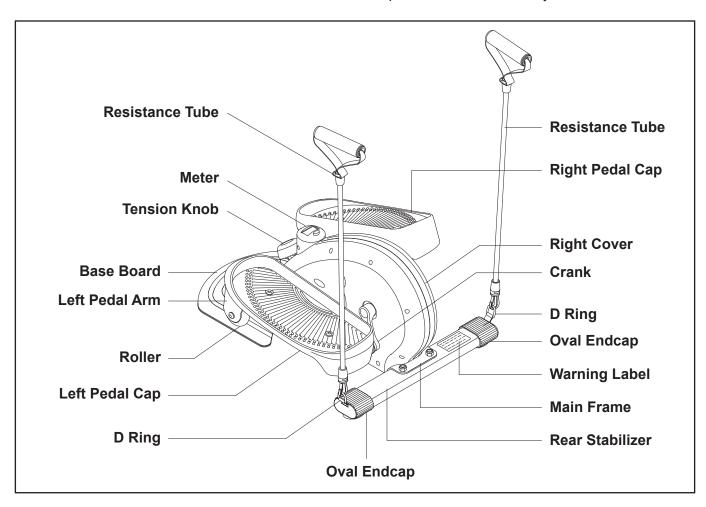

Read this manual carefully before using the InMotion® Compact Elliptical.

Although Stamina constructs its products with the finest materials and uses the highest standards of manufacturing and quality control, there can sometimes be missing parts or incorrectly sized parts. If you have any questions or problems with the parts included with your InMotion® Compact Elliptical, please do not return the product. Contact us FIRST!

If a part is missing or defective, please call us toll free at 1-800-375-7520 (in the U.S.). Our Customer Service Staff is available to assist you from 7:30 A.M. to 5:00 P.M. (Central Time) Monday through Thursday and 8:00 A.M. to 3:00 P.M. (Central Time) on Friday.

If you would like to contact us online, go to our website at www.staminaproducts.com and access the Customer Service section.

Be sure to have the name and model number of the product available when you contact us.

THE FOLLOWING TOOLS ARE INCLUDED FOR ASSEMBLY:

Wrench

Allen Wrench (6mm)

#### EQUIPMENT WARNING & NOTICE LABELS

This chart is provided to help identify the warning and notice labels on the **InMotion® Compact Elliptical**. Please take a moment to familiarize yourself with all of the warning and notice labels.

#### Label is larger than actual size

W1

**WARNING LABEL(55)** 

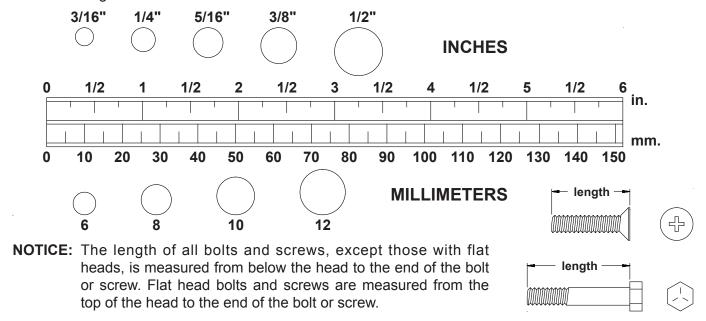

Failure to comply with these warnings could result in serious injury or death. All warnings and instructions are to be read prior to use. Replace this warning label if damaged, illegible, or removed.

#### Keep others including children & pets away from equipment when in use.

BEFORE BEGINNING THIS OR ANY EXERCISE PROGRAM, CONSULT YOUR PHYSICIAN. THIS IS ESPECIALLY IMPORTANT FOR PERSONS OVER THE AGE OF THIRTY-FIVE OR WITH PREEXISTING HEALTH PROBLEMS. STAMINA® ASSUMES NO RESPONSIBILITY FOR PERSONAL INJURY OR PROPERTY DAMAGE SUSTAINED BY OR THROUGH THE USE OF THIS PRODUCT. Make sure all nuts and bolts are securely tightened, and follow all safety tips and instructions set forth herein. This product should not be used by persons weighing more than 250 lbs. unless otherwise stated in the front of your manual.

#### HARDWARE IDENTIFICATION CHART

This chart is provided to help identify the hardware used in the assembly process. Place the washers or the ends of the bolts or screws on the circles to check for the correct diameter. Use the small scale to check the length of the bolts and screws.

After unpacking the unit, open the hardware bag and make sure that you have all the following items. Some hardware may be already attached to the part.

| Par      | t Number and Description                                                     | Qty    |
|----------|------------------------------------------------------------------------------|--------|
| 42       | Carriage Bolt (M10 x 1.5 x 43mm)                                             | 2      |
| 45<br>59 | Bolt, Button Head (M8 x 1.25 x 20mm)<br>Bolt, Button Head (M8 x 1.25 x 16mm) | 4<br>2 |

| 40       | Stand                                                                        | 2      |

#### **ASSEMBLY INSTRUCTIONS**

Place all parts from the box in a cleared area and position them on the floor in front of you. Remove all packing materials from your area and place them back into the box. Do not dispose of the packing materials until assembly is completed. Read each step carefully before beginning. If you are missing a part please call our toll-free number for assistance **1-800-375-7520** or e-mail us at **customerservice@staminaproducts.com.** 

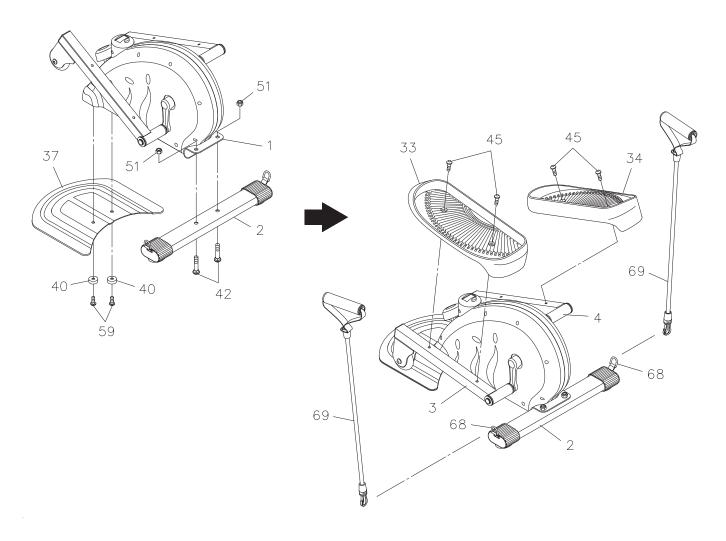

STEP 1: Attach the REAR STABILIZER(2) to the MAIN FRAME(1) with CARRIAGE BOLTS(M10x1.5x43mm) (42) and NYLOCK NUTS(M10x1.5)(51).

STEP 2: Attach the BASE BOARD(37) to the MAIN FRAME(1) with the STANDS(40) and BUTTON HEAD BOLTS(M8x1.25x16mm)(59).

STEP 3: Attach the LEFT PEDAL CAP(33) to the LEFT PEDAL ARM(3) with BUTTON HEAD BOLTS (M8x1.25x20mm)(45). Repeat on the other side.

NOTE: The LEFT and RIGHT PEDAL CAPS(33, 34) have a raised lip on three sides. Attach the LEFT and RIGHT PEDAL CAPS(33, 34) to the LEFT and RIGHT PEDAL ARMS(3, 4) so that the side without the raised lip is on the outside.

STEP 4: Refer to the illustration below. Hook the RESISTANCE TUBES(69) to the D RINGS(68) on both sides.

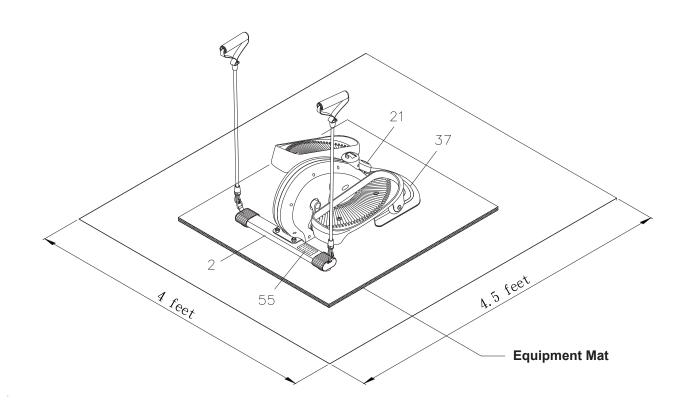

#### **SET UP INSTRUCTIONS**

Place the InMotion® Compact Elliptical in the area where it will be used. It is recommended that the InMotion® Compact Elliptical be placed on an equipment mat. The InMotion® Compact Elliptical is approximately 24.3 inches long x 17.5 inches wide x 11.4 inches tall. (These dimensions may vary up to one inch.) An area 4 feet wide x 4.5 feet long is required for safe operation of the InMotion® Compact Elliptical. Make sure that adequate space is available for access to and passage around the InMotion® Compact Elliptical.

**LEVELING:** Adjust the location of **InMotion® Compact Elliptical** to ensure **InMotion® Compact Elliptical** sits on the floor without rocking.

MOVING: Grasp the REAR STABILIZER(2) to move the InMotion® Compact Elliptical. Do not use the PEDAL ARMS(3,4) to move the InMotion® Compact Elliptical. The PEDAL ARMS(3,4) will move and may pinch your hand or fingers.

#### **FUNCTION INSPECTION:**

Visually inspect the InMotion® Compact Elliptical to verify that assembly is as shown in the above illustration. Check the function of the InMotion® Compact Elliptical. Stand on the foot pedals. Slowly move your highest foot forward and follow the natural path of the machine. Turn the crank slowly through one complete revolution to verify that the drive train functions properly. Adjust the TENSION KNOB(21) and verify that it functions properly.

**CAUTION:** Locate and read the **WARNING LABEL(55)** on the **InMotion® Compact Elliptical.** Make sure that all users read the **WARNING LABEL(55)**.

#### **OPERATIONAL INSTRUCTIONS**

#### **USING THE FITNESS METER**

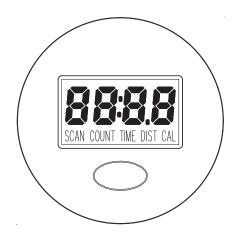

**POWER ON:** Pedal movement or press the button.

**POWER OFF:** Automatic shut off after four minutes of inactivity.

#### **FUNCTION BUTTON:**

Press and release to select functions.

Press and hold for four seconds to reset all functions to zero.

#### **FUNCTIONS:**

SCAN: Automatically scans TIME, DISTANCE, COUNT, and CALORIES in sequence with a change

every six seconds. Press and release the button until "SCAN" appears on the display.

**TIME:** Displays the time from one second up to 99:59 minutes.

**DISTANCE**: Displays the distance from zero to 999.9 miles.

**COUNT**: Displays the total number of strides you have taken from zero to 9999 strides.

**CALORIES:** Displays the calorie consumption from zero to 999.9 Kcal.

The calorie readout is an estimate for an average user. It should be used only as a

comparison between workouts on this unit.

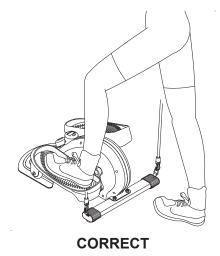

**NOTE:** The meter will shut off automatically after four minutes of inactivity. All function values will be kept. Push the button and hold it down for four seconds to reset all functions to zero.

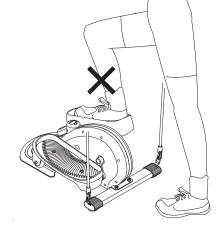

#### **BATTERY**

The meter operates with a 1.5v LR44 alkaline battery. Replace the battery when you see inconsistencies in the display.

#### PRECAUTIONS FOR USING

- 1. To maintain your balance, always mount or dismount the **InMotion® Compact Elliptical** from the lowest foot pedal, refer to the following illustrations. Loss of balance may result in a fall and serious bodily injury.
- 2. Use a wall or a table to help to maintain your balance while using the **InMotion® Compact Elliptical** until you are familiar with the **InMotion® Compact Elliptical**.

INCORRECT

#### **OPERATIONAL INSTRUCTIONS**

#### **EXERCISE WORKOUT**

To start using the **InMotion® Compact Elliptical** simply stand on the foot pedals with the front of your shoes close to the front edge of the pedal cap. Move your highest foot forward and follow the natural path of the machine.

For more stability, place a chair next to the **InMotion® Compact Elliptical** and place your hand on the chair back while stepping onto the pedals. Start on a load level that is comfortable until you are familiar with the machine. Once you are familiar with the elliptical and comfortable with the resistance, adjust the load level as described below to achieve the workout desired.

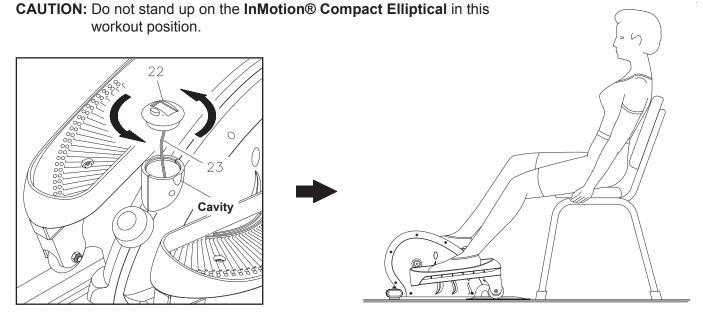

#### FORWARD AND REVERSE

The **InMotion® Compact Elliptical** can be used in forward and reverse directions to vary the muscles that you work. This will help you to stay motivated and achieve the best results. To change directions, simply slow the pedals down until they stop, then pedal in the opposite direction.

#### SITTING WORKOUT

Refer to the illustration. Seated workouts are effective for toning legs and hips, and for improving circulation and mobility. When sitting, your feet will face the opposite direction on the pedals than when standing. This will put your feet, ankles, and hips at the proper workout angles. To adjust the **METER(22)** to face you, find the two cavities on either side of the meter case, grasp the top of the meter and pull the top of the **METER(22)** from the casing being careful not to disconnect or damage the **SENSOR WIRE(23).** Turn the meter 180 degrees, and push it back into position.

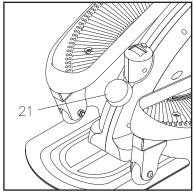

Place the **InMotion**® **Compact Elliptical** on the floor in front of a chair as shown in the illustration below. Sit in the chair and pedal the **InMotion**® **Compact Elliptical** with your feet.

#### LOAD LEVEL ADJUSTMENT

The load level of **InMotion® Compact Elliptical** can be changed at any time during your workout. Adjusting your load level will allow you to increase or decrease your intensity level.

To increase the load, turn the **TENSION KNOB(21)** clockwise. To decrease the load, turn the **TENSION KNOB(21)** counterclockwise.

#### STORAGE

- 1. To store the InMotion® Compact Elliptical simply keep it in a clean dry place.
- 2. The **InMotion® Compact Elliptical** is approximately 24.3 inches long x 17.5 inches wide x 11.4 inches tall. These dimensions will vary. Please measure your **InMotion® Compact Elliptical** if exact dimensions are needed.
- 3. Grasp the **REAR STABILIZER(2)** to move the **InMotion® Compact Elliptical**. Do not use the Pedal Arms to move the **InMotion® Compact Elliptical**.

#### **MAINTENANCE**

The safety and integrity designed into the InMotion® Compact Elliptical can only be maintained when the InMotion® Compact Elliptical is regularly examined for damage and wear. Special attention should be given to the following:

- 1. Adjust the **TENSION KNOB(21)** and verify that the Flywheel System provides tension. The Flywheel System should provide many years of use.
- 2. Inspect the **RESISTANCE TUBES(69)** for nicks and cuts. Replace damaged **RESISTANCE TUBES(69)**.
- 3. Verify that the **WARNING LABEL(55)** is in place and easy to read. Call Stamina Products immediately at **1-800-375-7520** for a replacement **WARNING LABEL(55)** if it is missing or damaged.
- 4. It is the sole responsibility of the user/owner to ensure that regular maintenance is performed.
- 5. Worn or damaged components shall be replaced immediately or the **InMotion® Compact Elliptical** removed from service until repair is made.
- 6. Only Stamina Products supplied components shall be used to maintain/repair the InMotion® Compact Elliptical.
- 7. Keep your InMotion® Compact Elliptical clean by wiping it off with an absorbent cloth after use.

**NOTE**: A standard crank extractor tool is required to remove the **CRANKS(28)** from the **AXLE(9)**.

#### **CONDITIONING GUIDELINES**

How you begin your exercise program depends on your physical condition. If you have been inactive for several years or are severely overweight, start slowly and increase your workout time gradually. Increase your workout intensity gradually by monitoring your heart rate while you exercise.

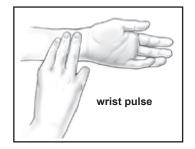

Remember to follow these essentials:

- Have your doctor review your training and diet programs.
- Begin your training program slowly with realistic goals that have been set by you and your physician.
- Warm up before you exercise and cool down after you work out.
- Take your pulse periodically during your workout and strive to stay within a range of 60% (lower intensity) to 90% (higher intensity) of your maximum heart rate zone. Start at the lower intensity, and build up to higher intensity as you become more aerobically fit.
- If you feel dizzy or lightheaded you should slow down or stop exercising.

Initially you may only be able to exercise within your target zone for a few minutes; however, your aerobic capacity will improve over the next six to eight weeks. It is important to pace yourself while you exercise so you don't tire too quickly.

To determine if you are working out at the correct intensity, use a heart rate monitor or use the table below. For effective aerobic exercise, your heart rate should be maintained at a level between 60% and 90% of your maximum heart rate. If just starting an exercise program, work out at the low end of your target heart rate zone. As your aerobic capacity improves, gradually increase the intensity of your workout by increasing your heart rate.

Measure your heart rate periodically during your workout by stopping the exercise but continuing to move your legs or walk around. Place two or three fingers on your wrist and take a six second heartbeat count. Multiply the results by ten to find your heart rate. For example, if your six second heartbeat count is 14, your heart rate is 140 beats per minute. A six second count is used because your heart rate will drop rapidly when you stop exercising. Adjust the intensity of your exercise until your heart rate is at the proper level.

Target Heart Rate Zone Estimated by Age\*

| Age      | Target Heart Rate Zone<br>(55%-90% of Maximum Heart Rate) | Average Maximum<br>Heart Rate 100% |
|----------|-----------------------------------------------------------|------------------------------------|
| 20 years | 110-180 beats per minute                                  | 200 beats per minute               |
| 25 years | 107-175 beats per minute                                  | 195 beats per minute               |
| 30 years | 105-171 beats per minute                                  | 190 beats per minute               |
| 35 years | 102-166 beats per minute                                  | 185 beats per minute               |
| 40 years | 99-162 beats per minute                                   | 180 beats per minute               |
| 45 years | 97-157 beats per minute                                   | 175 beats per minute               |
| 50 years | 94-153 beats per minute                                   | 170 beats per minute               |
| 55 years | 91-148 beats per minute                                   | 165 beats per minute               |
| 60 years | 88-144 beats per minute                                   | 160 beats per minute               |
| 65 years | 85-139 beats per minute                                   | 155 beats per minute               |
| 70 years | 83-135 beats per minute                                   | 150 beats per minute               |

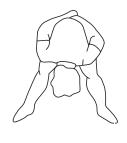

<sup>\*</sup> For cardiorespiratory training benefits, the American College of Sports Medicine recommends working out within a heart rate range of 55% to 90% of maximum heart rate. To predict the maximum heart rate, the following formula was used: 220 - Age = predicted maximum heart rate

### WARM-UP and COOL-DOWN

**Warm-Up** The purpose of warming up is to prepare your body for exercise and to minimize injuries. Warm up for two to five minutes before strength training or aerobic exercising. Perform activities that raise your heart rate and warm the working muscles. Activities may include brisk walking, jogging, jumping jacks, jump rope, and running in place

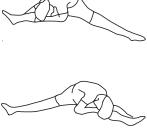

**Stretching** Stretching while your muscles are warm after a proper warm-up and again after your strength or aerobic training session is very important. Muscles stretch more easily at these times because of their elevated temperature, which greatly reduces the risk of injury. Stretches should be held for 15 to 30 seconds. Do not bounce.

#### **Suggested Stretching Exercises**

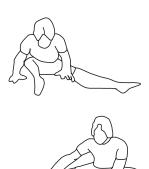

#### **Lower Body Stretch**

Place feet shoulder-width apart and lean forward.
Keep this position for 30 seconds using the body as a natural weight to stretch the backs of the legs.
DO NOT BOUNCE!
When the pull on the back of the legs lessens, gradually try a lower position.

#### Floor Stretch

While sitting on the floor, open the legs as wide as possible. Stretch the upper body toward the knee on the right leg by using your arms to pull your chest to your thighs. Hold this stretch 10 to 30 seconds. DO NOT BOUNCE! Do this stretch 10 times. Repeat the stretch with the left leg.

#### **Bent Torso Pulls**

While sitting on the floor, have legs apart, one leg straight and one knee bent. Pull the chest down to touch the thigh on the leg that is bent, and twist at the waist. Hold this position at least 10 seconds. Repeat 10 times on each side.

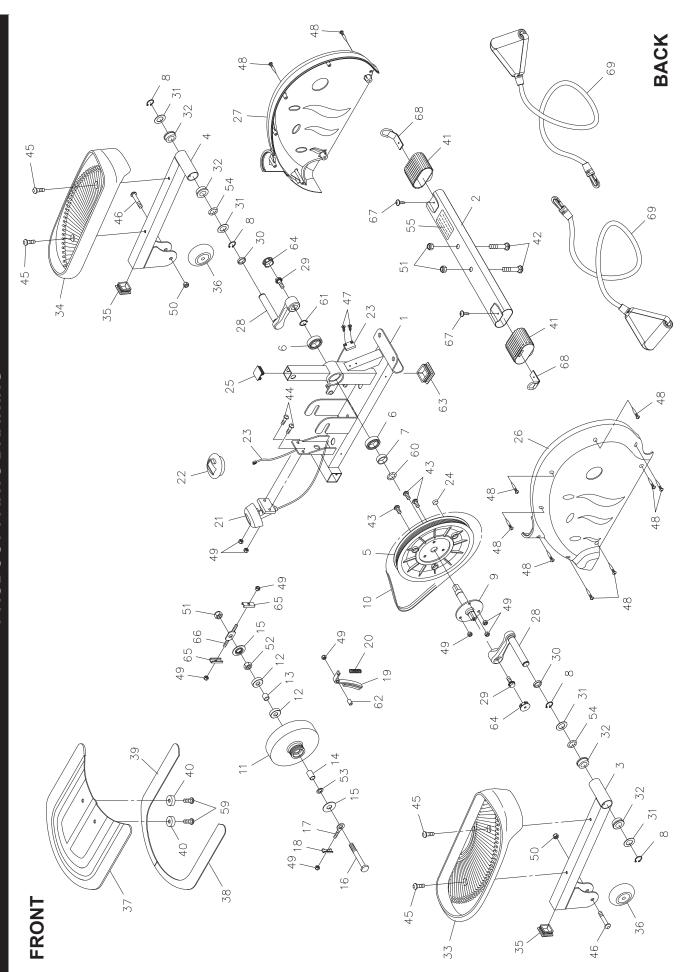

#### **Bent Over Leg Stretch**

Stand with feet shoulder-width apart and lean forward as illustrated. Using the arms, **gently** pull the upper body towards the right leg. Let the head hang down. DO NOT BOUNCE! Hold the position a minimum of 10 seconds. Repeat pulling the upper body to the left leg. Do this stretch several times slowly.

#### Remember to always check with your physician before starting any exercise program.

**Cool-Down** The purpose of cooling down is to return the body to its normal, or near normal, resting state at the end of each exercise session. A proper cool-down slowly lowers your heart rate and allows blood to return to the heart. Your cool-down should include the stretches listed above and should be completed after each strength training session.

# PARTS LIST

| PART#    | PART NAME                              | QTY    |
|----------|----------------------------------------|--------|

#### WARRANTY

Stamina Products, Inc. warrants that this product will be free from defects in materials and workmanship under normal use, service and proper operation for a period of 90 days on the parts and one year on the frame from the date of the original purchase from an authorized retailer. THIS WARRANTY SHALL NOT APPLY TO ANY PRODUCT WHICH HAS BEEN SUBJECT TO COMMERCIAL USE, ABUSE, MISUSE, ALTERATION OF ANY TYPE OR CAUSE OR TO ANY DEFECT OR DAMAGE CAUSED BY REPAIR, REPLACEMENT, SUBSTITUTION OR USE WITH PARTS OTHER THAN PARTS PROVIDED BY STAMINA PRODUCTS, INC. Commercial use includes use of the product in athletic clubs, health clubs, spas, gymnasiums, exercise facilities, and other public or semipublic facilities whether or not the product's use is in furtherance of a profit making enterprise, and all other use which is not for personal, family, or household purposes.

To implement this limited warranty, send a written notice stating your name, date, and place of purchase and a brief description of the defect along with your receipt to Stamina Products, Inc. P.O. Box 1071, Springfield Missouri, USA, 65801-1071, or email us at customerservice@staminaproducts.com, or call us at 1-800-375-7520. If the defect is covered under this limited warranty, you will be requested to return the product or part to us for free repair or replacement at our option. NO ACTION FOR BREACH OF THIS LIMITED WARRANTY MAY BE COMMENCED MORE THAN ONE (1) YEAR AFTER THE DATE THE ALLEGED BREACH WAS OR SHOULD HAVE BEEN DISCOVERED. NO ACTION FOR BREACH OF ANY IMPLIED WARRANTY MAY BE COMMENCED MORE THAN ONE (1) YEAR AFTER DELIVERY OF THE PRODUCT TO THE PURCHASER. This limited warranty is not transferable. IF ANY PART OF THE PRODUCT IS NOT IN COMPLIANCE WITH THIS LIMITED WARRANTY OR ANY IMPLIED WARRANTY, THE REMEDY OF REPAIR OR REPLACEMENT IS THE EXCLUSIVE REMEDY **AVAILABLE TO YOU.** In the event that the purchaser makes any claim under this limited warranty or any implied warranty, the Warrantor reserves the right to require the product to be returned for inspection. at the purchaser's expense, to the Warrantor's premises in Springfield, Missouri. Return of the enclosed warranty registration card is not required for warranty coverage, but is merely a way of establishing the date and place of purchase.

Stamina Products, Inc. SHALL NOT BE LIABLE FOR THE LOSS OF USE OF ANY PRODUCT, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS OR ANY OTHER INDIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES DUE TO BREACH OF THE ABOVE WARRANTY OR ANY IMPLIED WARRANTY.

This limited warranty is the only written or express warranty given by Stamina Products, Inc. This warranty gives you specific legal rights, and you may also have other legal rights which vary from state to state. ANY OTHER RIGHT WHICH YOU MAY HAVE, INCLUDING ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

The laws in some jurisdictions restrict the rights of manufacturers and distributors of consumer goods to disclaim or limit implied warranties and consequential and incidental damages with respect thereto. If any such law is found to be applicable, the foregoing disclaimers and limitations of and on implied warranties and consequential and incidental damages with respect thereto shall be disregarded and shall be deemed not to have been made to the extent necessary to comply with such legal restriction.

# NOTES

#### FAX/MAIL ORDERING FORM

Please do not return the product. For your convenience, Stamina's Customer Service Department can be reached by email at customerservice@staminaproducts.com or toll free at 1-800-375-7520 (in the U.S.). Should a part be missing or a defective part found, please call us from 7:30 A.M. to 5:00 P.M. Central Time, Monday through Thursday and 8:00 A.M. to 3:00 P.M. on Friday or fill out the fax sheet ordering form below and fax it to (417) 889-8064. Our Customer Service Department will be able to assist you with your problem and the part will be mailed directly to your house.
