**CPR V5000 Call Blocker Specification:**

**MPN**: V5000
**EAN/UPC**: 5074512115106

**Main Features:**
1500 Number Blocking Capacity
5000 Rogue Call Center numbers Pre-Programed

**Product Description:**

**Easy To Use Controls:**
With CPR Call Blocker's easy to use control buttons you can view the callers number on its large 3 Inch display and view the blocked number list as well as see how many times that Blocked number has tried to recall. If required blocked numbers can be easily removed from the block list using the delete button. The Call List function displays the last 20 callers that if required can be individually added to the block list at the touch of a button.

**Built in Number List:**
The CPR Call Blocker is pre-programmed with more than 5000 numbers which are 'deemed' as known nuisance callers. Companies which are selling by phone, using overseas call centers and automated sales lists are all pre-programmed which will minimize the sales calls you receive almost immediately.

**Block Now Function:**
The 'Block Now' button is located on the top of the unit. At the touch of a button the unwanted caller's number is logged into the unit's memory, the call will hang up and the number blocked permanently. This feature allows you to block up to 1500 unwanted callers as they are calling you.

**#2 Blocking Function:**
Block a number by entering #2 on any DECT handset connected to the telephone base.

**Manual Entry:**
Manually enter or remove numbers to/from the Blocking list

# Programmable Functions:
