

# by CAMPANELLI™ EASYREACH™ DUSTERS

Thank you for purchasing our EasyReach™ Duster Set made with our premium plush microfiber. This set includes a super long tri-pole with attachable large duster head, which you can also use as a hand held duster. In the set there are also handheld telescoping dusters. These dusters are ideal for dusting virtually every item and surface in your home (i.e. shelves, blinds, knick-knacks, etc). All of the duster heads are bendable allowing you to dust those hard to clean areas (i.e. ceiling fans, heat/ac vents, crown molding, etc). Also included are our PuppyFur® towels. These super soft microfiber towels are designed to safely and easily clean and dust your TV, computer screen, laptop, smart phone, etc.

So no more relocating and spreading dust when you clean. Our microfiber will lift, trap and remove the dust from your home. And our dusters are washable, not disposable, saving you money while helping to save the planet. 😊

## USER GUIDE AND INSTRUCTIONS

PLEASE NOTE: WHEN YOU FIRST USE THE EXTENSION POLE FOR YOUR DUSTING HEAD, KEEP TURNING THE POLE UNTIL IT LOCKS INTO POSITION. AFTER YOUR INITIAL USE, IT WILL ONLY REQUIRE A SMALL TWIST TO LOCK THE POLE TO YOUR DESIRED LENGTH.

PLEASE NOTE: To bend the duster head, firmly grasp the base of the duster head (fig. 1) and the microfiber yarn with the other hand (fig. 2) (there is a flexible rod underneath) and bend to the desired position. You can then bend back to the original position if so desired.

**DO NOT:**  
Bend your dusters as shown in the picture to the right. You risk damaging the built in extension pole.

**CLEANING INSTRUCTIONS:** To easily clean, take the dusters outside and thoroughly shake them out. In the event your duster becomes heavily soiled, we recommend periodically hand washing using dish washing soap and air dry.

There is a large silicone tip at the end of each dusting head. However, take special care when using to avoid the unlikely marring of delicate items.

**PUPPYFUR® TOWELS:** It is best to machine wash & tumble dry towels separately from other items before initial use. Do not use any type of fabric softener or dryer sheets.

**\*DO NOT USE DUSTERS OR TOWELS ON HOT SURFACES\***
